

## Electronic Payment of CBOA Dues

Great news everyone, we have set up a way to accept dues payments electronically. We are using an app called Zelle. It is owned and managed by Bank of America and has many other banks as partners. Don't worry, if you don't have a Bank of America or other partner bank account you can use the app with your own credit or debit card.

Simply download the Zelle app to your iPhone or Android phone and follow the installation instructions. Once you have set up your account and added bank or debit/credit card information you should be ready to send and receive money.

To pay your dues simply send the \$50 to this e-mail address: [cboa@readingtrophy.com](mailto:cboa@readingtrophy.com)

I just used it to pay my dues! If you have any questions, let me know.

Thanks,

Brian Gleason
